

LEADERSHIP DEVELOPMENT TRAINING PROGRAM

It has been on our hearts the past several years to help the Thai churches train up new pastors. Thailand simply doesn't have enough pastors to plant new churches. Praise the Lord the Leadership Development training program has started. We currently have the translation for the first book of twelve classes finished. This is a church-based program and many churches in Thailand have already started their classes. Over 200 students throughout the country have signed up to study. We are thrilled to be able to join the weekly zoom class with Liberty Church Chiangmai. It is amazing that 20 students from Chiangmai have chosen to be a part of this class. We love the desire and dedication God has put on the hearts of these students!

BAPTISMS

It has always been our goal here in Thailand for the gospel to be shared and for lives to be changed. It often seems very slow as we build relationships in order to accomplish this task. During our first two terms here, we only saw a handful of people get baptized. God is moving and this has changed this past year. Thai Vision Church here in Chiangmai recently baptized four people. A number of months ago Liberty Church Chiangmai had baptisms for 19 people. This past Sunday eleven Liberty Churches throughout the country together baptized 419 people at the same time. Thank you, Lord, for brothers and sisters who are willing to publicly declare their Christian faith.

Prayer Requests

- Pray for all the people who were recently baptized.
- Pray for those here in Thailand that are studying to become leaders and pastors.
- Pray for Liberty Church Chiangmai as they disciple new believers.
